Personalized signs for home and cottage.

Home and cottage signs offer a perfect blend of rustic elegance and modern sophistication. Crafted using the most modern printing techniques and highest quality materials our signs will complement any home or cottage décor.

Your customized sign can include a unique message, family name, house number and graphic elements. Whether you're adding a touch of charm to your cottage entrance or making your home feel more welcoming, a custom sign will make a statement that's both inviting and personal.

Designed and printed in Winnipeg, our products are crafted to endure. Metal and PVC panels are sealed with a UV protective coating to ensuring your sign remains durable and vibrant, under the harshest of conditions.

Perfect for gifting, personalizing your space, or adding that special touch to your property, our signs are as functional as they are stylish. Let your home or cottage speak for itself with a custom-made Pocket Wolf Studio sign that combines craftsmanship, durability, and lasting beauty.

Our printing process

1/8" and 3/8" Dibond metal panels are produced from two sheets of pure aluminum enclosing a lightweight black plastic core. State of the art printing using UV resistant inks result in high definition, deep vivid colours and superior longevity. Our signs are also UV coated – and optionally can be graffiti coated for high traffic areas. Metal panels are great for any outdoor application.

1/2" PVC (Sintra) is a lightweight and long-lasting material. It is an excellent option for outdoor signage. It is adaptable, lightweight and weatherproof. This surface is designed low gloss to decrease glare and make writing easy to see even in bright lighting. PVC signage is great for hanging signs or for direct mount to buildings and sign posts.

An Optional 'Graffiti Coat' can be added to your sign if it is in a high traffic area where the sign may be exposed to graffiti. Paint can be removed without harm to your sign's finish.

Choosing a sign design

We have hundreds of design templates to choose from and customize. You can mix and match design options to make your sign unique. Sign shape, size, images, family name, address, or special message. The sign can be predrilled to meet any application including building mount, rigid post and frame mount or a hanging sign.

Select one of our designs to customize. Additionally you can come up with your own design.

Add or replace text, name, road location, message, family motto, etc.

Add or replace graphic elements from one of our templates or something more personal like a coat of arms, favourite animal, etc.

Once your design is complete, you can pick the material, size, and finish to complete your customized sign. Included in the price are two digital proofs. Additional proofs are \$25 each. Additional design time may be required for complex designs.
